Lemont/Egan marine Corporation
Compliance

On 7/10/00, a site visit was conducted at Egan Marine Corporation (EMC) at the request of Kendra Pohn of the AG's Office to confirm EMC claim the site had been cleaned up.

Dennis Egan of EMC accompanied me to the area where the waste pile was observed on 10/8/99. All visible waste previously observed had been removed. I asked if Mr. Egan would be submitting the required waste determination and documentation for the proper disposal of all the waste. Mr. Egan stated, "if they want any paperwork they will have to ask for it at the trial or subpoena the information."

On my return to the office, I contacted Kendra Pohn and reported my findings and conversation with Mr. Egan to her.
